## Safety Data Sheet

---

# SO NOSING

## ALUMINIUM PROFILES

---

### **Control of substances Hazardous to Health (COSHH)**

#### **1. Company Details**

Lee Floorstok Ltd  
Unit B1 The Dresser Centre  
Whitworth Street  
Openshaw  
Manchester  
M11 2NE  
Tel: 0161 231 8080  
Fax: 0161 231 8787

#### **2. Product Composition:**

Carrier: Aluminium Alloy  
Infill: Polyvinylchloride (PVC)  
Plasticisers  
Inert Fillers  
Flame Retardants

#### **3. Hazards Identification**

No known hazards when used for the purpose intended and installed in line with manufacturers recommendations.  
The use of Personal Protective Equipment (PPE) is recommended when working with the product. This product should not be disposed of by burning.

## ALUMINIUM PROFILES

---

### **7. Handling and Storage:**

Store in dry conditions away from sources of heat. The use of gloves is recommended when handling boxes and product.

### **8. Exposure Controls/Personal Protective Equipment (PPE)**

Whilst there are no exposure limits associated with the product, the use of PPE is recommended when cutting and securing the product.

### **9. Physical and Chemical Properties**

Form: Rigid  
Colour: Various  
Odour: Slight odour  
Solubility: Insoluble in water  
Decomposition: Will decompose at temperatures above 150°C

### **10. Stability and Reactivity**

Stable in normal use  
Avoid contact with acids and oxidising agents at temperatures above 600°C  
Avoid contact with Acetal Resin if thermal decomposition of infill occurs hydrogen chloride gas will be released.

### **11. Toxicology**

No Known toxic effects

### **12. Ecological Information**

Aluminium and PVC are considered to be ecologically benign.  
Aluminium and PVC do not readily decompose when weathered or exposed to micro-organisms.

### **13. Disposal Considerations**

If possible recycle, otherwise disposal should be in accordance with local, state, or national legislation. Bury in an authorised landfill site or incinerate under approved controlled conditions. Combustion will release Hydrogen Chloride.

### **14. Transport Information**

Not classified as hazardous for transport.

### **15. Regulatory Information**

This product does not normally present a danger to human health by inhalation, ingestion or contact with the skin in the form in which it is supplied and used as recommended by the manufacturer.

### **16. Other Information**

This safety data sheet has been prepared by Lee Floorstok Ltd on the basis of its best knowledge and on information available to date. It does not constitute a specification. Lee Floorstok Ltd gives no guarantee and disclaims responsibility for individual items being incomplete or incorrect. Furthermore, Lee Floorstok Ltd gives no guarantee that all possible security measures are contained herein, nor gives any guarantee that additional security measures may not be required under particular or exceptional circumstances. It is the responsibility of the user to observe national or local safety regulations – in no case can Lee Floorstok Ltd accept any responsibility for a failure to observe such regulations.
